## Reasons For Allowance

1. The following is an examiner's statement of reasons for allowance:

Regarding claim 1, Prior Art fails to disclose of a reception apparatus having the means for setting one or more of a time interleaving pattern, carrier modulation scheme and a convolution code for detecting transmission control information, and for providing the transmission control information to the window control means, the transmission control information provided by the control means, thereby minimizing an initial rise time from a start of reception until output in combination with other limitations set forth in the respective claim.

Regarding claim 4, Prior Art fails to disclose of a reception apparatus wherein the control means detects the transmission control information of OFDM signal being received and stores detected transmission control information in the storage means in association with the selective inputting information specifying the OFDM signal being received, thereby minimizing an initial rise time from a start of reception until output in combination with other limitations set forth in the respective claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
